Artists and members of the community

What

An evening for artists to take part in ongoing design work on the El Gabilan Library.

When

Thursday, November 7, 6:00-7:30pm

Where

Santa Lucia Room at the
Salinas Community Center
940 N. Main St., Salinas, CA 93906

*Translation and refreshments
will be provided.

The exterior educational and artistic elements for the El Gabilan Library build on the input gathered through the library design process started in 2017. The backyard at El Gabilan Library is an "exterior room." It extends the interior learning spaces and expands on their themes of biology and agriculture. The design team is developing a unique approach to teaching and learning about these themes. Artists are invited to this event to learn about opportunities and show their interest in contributing to the backyard elements.
